I have a background in computing science and electrical engineering, and I'm seeking a career that makes use of my technical problem-solving abilities.

## Work Experience

---

### **Electronic Assembler**

Nordic Technology Ltd - Kelowna, BC  
October 2022 to July 2023

Electronic assembly, soldering, testing circuits, diagnosing problems/fine-tuning, following diagrams, general warehouse/production organization and labor.

## Education

---

### **Associate degree in Science**

Douglas College - New Westminster, BC  
September 2023 to Present

### **Some university coursework in Electrical Engineering**

UBC Okanagan - Kelowna, BC  
September 2019 to May 2022

## Skills

---

- C/C++
- Python
- Tensorflow / PyTorch
- Electronic Assembly
- Soldering
- Linux
- Git
- Azure / Google Cloud
